### SAFETY DATA SHEET FOR DISPOSABLE NITRILE GLOVES

This product consists of the following ingredients

| Material                           | CAS No.    | Composition(%) |
|------------------------------------|------------|----------------|
| acrylonitrile-<br>butadiene rubber | 9010-81-5  | 90-96          |
| Sulphur                            | 7704-31-9  | 0.9-3          |
| Zinc Oxide                         | 1314-13-2  | 1.2-5          |
| Titanium Dioxide                   | 13463-67-7 | 1.4-5          |
| Accelerant BZ                      | 136-23-2   | 0.4-3          |
| Accelcrant EZ                      | 14324-55-1 | 0.1-3          |
| Antioxidant                        | 68610-51-5 | 0.2-4          |
| Pigment and others                 | Mixture    | 0.11-3         |

The difference between inside and outside;

Emulsifying wax is added on the outside, and smooth material is added on the inside.
